

Franchisee Financing

THE BRADY WARE DIFFERENCE

Brady Ware works with franchisors to help prospective franchisees through their prequalification and purchase phases. We help coordinate and manage three critical phases during a prospective franchisee's initial interest and start-up:

- **Prequalification:** During this phase, Brady Ware works with prospective franchisees to ensure their experience, down payment, and credit score is in order to get financing.
- **Coordinate documentation:** Brady Ware assembles a business plan and a financial projection along with other documents required for a complete financing package.
- **Banking Relationships:** Brady Ware submits all documentation and prequalification information to banks and assists in addressing any concerns through the closing process.

Through this approach, Brady Ware brings a franchisee through the entire process of application through closing. Fees for services are paid by our banking sources, making this a free resource to prospective franchisees.
